Funeral & Memorial Services

The loss of a loved one is devastating to both family and friends. Funerals and memorials are an emotional time for all of us. Our respectful, sensitive, full-service approach to catering for these events ensures that the reception portion of the days services is not something that you need to worry about or be burdened by.

We respond to these difficult events by providing advice on the proper quantity of food & beverage to plan for, as well as offering menu guidance for these circumstances. We can also provide other services such as staffing, tents, rentals, and more, should these be needed. Most importantly, we will provide you with quality catering, personal care, and attention at your place of worship, hall, funeral home, or residence.
